RE: Warning Notice

Dear Colonel Knight:

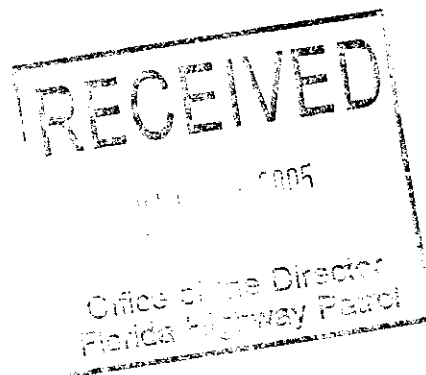

At 09:32 pm of June 2, 2005 after driving too late and not paying attention I failed to see a no right turn on red light sign at the end of the ramp at exit 350 I-75 Southbound. As a result TPR. J.H. Roberts proceeded to do his job and promptly pulled me over and very professionally and with the utmost courtesy issued me a warning.

I truly did not see the sign and he obviously believed me for which I am most grateful. I must say I was much more cautious and observant the rest of the trip. Thank TRP. Roberts for doing a great job and service to the State of Florida.

Sincerely,

Michael A. Johnson
